AFTERWORD

Thank you SO much for viewing this zine!

This is something I've been wanting to do for years,
but the thought of making a zine all on my own is so daunting!
But this year I decided to do it! As a birthday present for myself :)

Most of the images here are drawings of them I've accumulated throughout the years, all of them in varying degrees of quality so I chose to present them in this scrapbook-esque format.
Many times have passed since I played Danganronpa V3 and my interests have undergone many phases since then. But one thing is undeniable, it's that I still love these two! And I'm so very happy to be able to compile my love for them in this zine.

I've received many nice receptions and kind messages from Danganronpa fans and fellow Oumeno fans in the past, and once again I would like to say thank you!
Thank you so much for your support!!
